Volume 7 – Issue 3

Ahhhh...Bayfield in the Summer More than a Place to Live...it is a State of Mind

The beautiful Village of Bayfield truly has something for everyone. In fact you will soon find that there are not enough days in the week to take in the book clubs and readings, film festivals, music festivals (from banjo to Bach), community theatre, garden clubs, quilting clubs, writers' workshops, hiking trails, boating, exercise classes, bridge clubs, euchre clubs, service clubs (Lions and Optimists), and the list goes on. Top that off with the shops, boutiques and galleries on Main Street where you can find contemporary fashions with a continental flavour; one-of-a-kind jewellery; art galleries and artists' studios; and unique home décor and furnishings, both new and antiques. Add to that great dining from casual to formal, seven inexpensive golf clubs, four terrific theatres within a 45 minute drive, the beach, and the magnificent setting and you will wonder if there is a finer place to live. To learn more go to www.villageofbayfield.com.

Heritage

Pioneer Park is a great spot to enjoy the magnificent Lake Huron sunsets (they're free)

Town Hall Heritage Building

Restored by volunteers
Now used for concerts,
weddings, meetings,
a Film society and private parties

Bayfield River Valley Trails Make it Easy to Explore the Great Outdoors and Stay Fit

The Bayfield River Valley Trails have been created by thousands of hours of volunteer time. There are three main trails; Heritage, Woodland, and Sawmill. All three trail loops begin in Clan Gregor Square, the historic heart of the village. Information for each trail is available in the Square. The trails vary in length from 1 to 5 kilometers and are well marked and maintained and can accommodate everyone's particular skill and fitness level.

Both the Sawmill Trail and the Woodland Trail offer access to incredibly diverse natural environments. All three trails are pathways through local history; the Sawmill Trail reopened access to the area where the Grist Mill owner had his farm in the 1870s. Also while on this loop you can follow in the footsteps of our original pioneers and the Native Americans who once used this trail on journeys along Lake Huron. To learn more go to <http://brvt.huronstewardship.on.ca>

One of the attractive features of Bayfield Mews is the well maintained walking trail on the property that loops through six acres of beautiful Carolinian woodland
