## *Block Four Takes Shape - Four New Homes for Late Fall Occupancy*

Construction of Block 4 which consists of four new homes is well underway as a crane positions a roof truss. All homes are spoken for except one. The Rosewood is one of the most popular models and the pond view location makes this a very special unit. Reserve now and move in by Christmas. Give us a call if you want a tour through a similar unit. There is still time to individualize the unit by choosing finishes including flooring, millwork and colours.

### *Bayfield Mews summer barbeque is getting to be a must go to event*

The Bayfield Mews annual barbeque continues to grow in popularity. Organized by the Mews Residents Association the event featured food, music and lots of fun and conversation.

### *Grand Opening of New Model Home*

Unit 1 will be the new Model Home starting September 5. Come by for a look at our new kitchen layout that overlooks the patio. While you are there on Grand Opening Day you can enjoy some food and refreshments courtesy of the Bayfield Mews.

The Home is fully decorated with lots of information about the limited number of homes still available and finish options. We also have literature about the services available and the events that take place throughout the year in Bayfield and area.

Join us for a coffee and maybe a cool drink. This is a good time to plan your move to the Bayfield Mews.

## The Mews Gardens are Spectacular Worth the Visit to Have a Look

With a perfect summer for lush gardens, the residents are showing off their horticultural skills. A sample of the patios and planters are shown below. Nothing gets overlooked and even the flagpole gets some attention.

## Phase One Update - Only 4 Units Left

While the number of homes remaining is limited, many options are available to meet your timelines for moving to the Bayfield Mews.

One unit remains in Block 1. The Columbine is fully outfitted as our newest model home with a number of special features including our newest kitchen layout which overlooks the patio. This is an end unit and can be ready to move in at your convenience

Construction of Block 4 is underway with only one home still unreserved. The Rosewood is in a premium location overlooking the central commons, pond and fountain. You can choose your flooring, cabinets and paint colours to customize to suit your personal tastes.

Block 2 is our last remaining block in Phase One and is quickly filling up with only two units remaining. You have a choice of an end or middle unit and until we start construction drawings you can choose from any one of our models.
